### **Treeline has record year in 2005; doubles in size**

**January 5, 2006, Wakefield, Massachusetts:** Treeline, Inc. one of the area's fastest growing executive search firms, has recorded its fifth straight year of record growth. In 2005, Treeline's revenues and staff size more than doubled. The firm is one of only a few organizations to focus exclusively on sales recruitment.

Managing Partner Dan Fantasia founded Treeline in 2001, in the midst of an economic downturn. Under Dan's leadership, Treeline has experienced double- and triple-digit growth for five straight years – achieving more than 400% in its first full year of operation alone.

Its niche client base has grown to include the business to business, financial services, and high-tech market sectors in addition to biotechnology, pharmaceutical and medical device.

Fantasia and Treeline, Inc. were recently profiled in *The Boston Business Journal's* Entrepreneur feature.
