**The *Boston Business Journal* Ranks Treeline, Inc. Among the Area's Largest Executive Search Firms**

*Treeline fills more positions than any other staffing company in Massachusetts with 184; the firm also ranks in the top 10 for number of recruiters employed with 18*

**April 2, 2007, Wakefield, Massachusetts:** the *Boston Business Journal* has named Treeline, Inc. among the area's largest executive search firms in its March 23-29, 2007 issue. The weekly business publication also reported that Treeline filled more positions in 2006 than any other Massachusetts staffing company at 184 jobs. In addition, Treeline ranked eighth among firms with the most recruiters, with 18 consultants currently employed.

Managing Partner Daniel Fantasia attributes Treeline's inclusion on this year's list to the strong growth his firm experienced in 2006: "Treeline doubled in both staff size and revenue last year. We experienced rapid growth in each of our four market specialties – medical, technology, financial, and B2B - and also added contract staffing to our suite of services...this year, we're off to a great start and are planning additional expansion. We are very pleased to be featured on this list and look forward to continued growth in 2007."

This is Treeline's debut appearance on the *Boston Business Journal's* Largest Executive Search Firms list. In total, 40 firms were ranked.
