### **TREELINE, INC. MOVES TO NEW OFFICE SPACE**

**WAKEFIELD, MA** – August 11, 2014 – Treeline, Inc. moves to a new office space due to growth and expansion.

Treeline has moved to a new office space within the same Lakeside Office Park. The new space is directly across from the company's former office. Treeline's move is due to the company's rapid growth. Treeline has continued to consecutively grow over the last few years and with the brand continuing its national reach, a new office was needed to match Treeline's fast-paced and high energy expanding sales team.

Thanks to the help of the [Mansard Commercial Real Estate Advisors](#), and the [IRONWOOD](#) design and construction firm, Treeline's newly renovated space emulates exactly what the company is all about. All the vendors involved throughout the construction and design worked with Treeline to make sure the company was involved throughout the entire process, creating a space that is unique to Treeline. Treeline's new space is unlike any other office in the park. The newly built office space matches Treeline's high energy, dynamic edge, and mission to be the largest sales recruiting company in the nation.

"As a company we are extremely excited to be in our new office space," stated Dan Fantasia, CEO of Treeline. "It is unique to Treeline and captures exactly what we are all about here. We are a high-energy, driven and passionate sales recruiting organization that will continue to grow and build brand. We are extremely appreciative of all the hard work of the vendors involved in the process to help create a space we all love coming to each day." Treeline's new office allows the company to continue to grow and hire. With new cubes, new offices and conference rooms, and an amazing lunch room, Treeline can continuously attract top sales talent to join the growing team.

###
